

Production Blueprint — All 24 Lessons

Each lesson package = Instructor_Guide.pdf + Student_Lesson.pdf + Worksheet.pdf (+ project files / simulation resources where noted). Building course-by-course; Course 16 is being built first end-to-end (this delivery), Course 17 and 18 follow the same pattern next.

COURSE 16 — Build Your Professional Identity (*THIS DELIVERY*)

#	Lesson	Key output	Coding/asset need
1	What professional identity means in the digital age	Reflection + identity audit worksheet	—
2	Define your strengths and direction	Strengths/direction worksheet	—
3	Build your portfolio website	Working HTML/CSS site (starter+completed)	Portfolio Website project
4	Tell your story professionally	Bio + 1 case study draft	Case Study template
5	Create your personal brand	Brand kit (colors/type/logo mark) in Canva-ready spec	Brand Strategy Worksheet
6	Turn projects into proof	2–3 finished case studies	Case Study template (reused)
7	Launch your professional website	Deployed live site via GitHub + Vercel	Deployment guide
8	Build social proof	Testimonial/endorsement request kit, portfolio review	Portfolio Review Checklist

Course 16 final deliverable: live portfolio website + brand kit + 2–3 case studies + bio.

COURSE 17 — Skills That Pay (*next*)

1 How the freelance economy works · 2 Turn a skill into a service · 3 Build a service package · 4 Pricing, scope & agreements · 5 Finding your first opportunities · 6 Marketplace models: what changes at different ages? · 7 Proposals, communication & delivery · 8 The client simulation (full fictional-client package: brief, discovery script, proposal, pricing/scope worksheets, feedback, revision request, handoff checklist, rubric, reflection). **Final deliverable:** service package + pricing worksheet + proposal/brief + full simulated client project.

COURSE 18 — Professional Presence & Opportunity Building (*after 17*)

1 Your professional presence · 2 Build your professional profile · 3 Showcase your work · 4 Share what you know · 5 Build a presence beyond LinkedIn (portfolio-first alt.) · 6 Networking & professional communication · 7 Build your 90-day opportunity plan · 8 Measure, reflect & improve. **Final deliverable:** profile/presence + 5 pieces of content + networking plan + 90-day plan.

Cross-course dependency

16 → 17 → 18 (evidence → service → visibility). No lesson depends on an adult platform account the student may not legally hold.
