

Worksheet: First Opportunity Map

Use this worksheet to map your warm network, check your safety plan, and pick your first 3 outreach targets. Fill it in during class and finish any remaining rows for homework if needed.

Part 1: Warm Network Brainstorm

Part 2: Safety Checklist

Check every box honestly before treating any entry above as a real next step.

- ☐ A trusted adult is aware of and involved in every real client conversation I plan to have.
- ☐ I have not listed any strangers, online-only contacts, or people I only know through a marketplace or app.
- ☐ I will not meet anyone in person alone — a parent/guardian or other trusted adult will be present or has approved the meeting.
- ☐ I will not share my home address, school schedule, or personal contact details without a trusted adult's approval.
- ☐ Any money, payment method, or contract detail will be reviewed by a trusted adult before I agree to it.
- ☐ If anything about a conversation or request feels off, I will stop and tell a trusted adult right away.
- ☐ Every entry on my warm-network list is someone I or my family has an actual real-life connection to.

Part 3: My First 3 Outreach Targets

From your brainstorm above, choose the 3 you'll actually pursue first. For each, confirm the adult who's involved before any conversation happens.
