

Client Feedback

(Fictional — instructor distributes this after proposals are "submitted".)

From: Priya Alvarez **Subject:** Re: Your proposal — looks great!

This looks really good, thank you! I like the plan and the price works for us.

One thing before you start building: could the Events section go near the TOP of the page instead of near the bottom? Most people are checking us out specifically to see what's coming up, so I want that to be the first thing they see after a quick intro.

Everything else sounds perfect. Go ahead!
