

Pricing & Scope Worksheet — Client Simulation

(Educational estimate only — not a real invoice or binding price.)

Task	Estimated hours	Included in scope?
About section		Yes
Events list (static, editable by client later)		Yes
Contact/interest link		Yes
Deployment (GitHub + Vercel, from Course 16)		Yes
Photo gallery		Nice-to-have — flag as optional add-on
Ongoing updates after handoff		Not included — client updates it themselves

Total estimated hours: ____ **Reference hourly rate used (from Lesson 4):** _ **Suggested total (starting estimate, not fixed):** ____

Scope boundary statement (fill in): "This project includes _____. It does not include _____."

Filled Example — Fictional "Jordan R."

Total estimated hours: 6 · Reference rate: \$15/hr (practice estimate) · Suggested total: \$90 (a simulated figure — no real payment occurs). Scope boundary: "This project includes a 1-page site with About, Events, and Contact sections, deployed live. It does not include ongoing event updates after handoff — Priya will edit the events list herself using the instructions provided."
