

Worksheet: 90-Day Opportunity Plan

Use everything you've built in Lessons 1–6 (your presence, content pieces, channels, and networking contacts) to fill in your plan below. Be specific — every goal should have a rough date and a way to prove you did it.

Filled Example: Jordan R.

Starting point: Portfolio site; 1 finished blog post + 1 half-finished project writeup; presence on a game-dev forum and a Discord server; 1 cold email sent to an indie developer (no reply yet).

	Content Goals	Networking Goals	Opportunity Goals	How I'll Know I Did It
Month 1 (Days 1–30)	Finish and publish the half-finished project writeup (Week 2). Draft a new short piece by Week 4.	Follow up with the indie developer if no reply by Day 10. Introduce myself in the Discord server (Week 1). Reply to 2 forum threads.	Find one game jam or student competition with a deadline in the next 90 days.	Writeup published at a live URL. Discord intro post and 2 forum replies logged with dates. Competition name + deadline written down.
Month 2 (Days 31–60)	Publish the piece drafted in Month 1 (Week 5–6). Start piece #3 (devlog or tutorial).	Message 2 new contacts (teacher, meetup organizer, or active Discord member) — spaced at least a week apart.	Submit an entry for the competition found in Month 1, OR reach 50% progress on the jam project.	Piece #2 published. 2 new outreach messages sent, dated in a log. Submission confirmation or draft entry saved.
Month 3 (Days 61–90)	Finish and publish piece #3 (Week 9–10). Publish piece #4/#5 if pace allows — target 5 total pieces across 90 days.	Follow up with the 2 contacts from Month 2. Send 1 more new outreach message.	Complete and submit the competition/jam entry if not already done. Write a short reflection on outreach results.	Total published pieces reach 5. Outreach log shows 3+ contacts total. Entry submitted with confirmation. Reflection written.

My 90-Day Plan

Starting point (from Lessons 1–6): _____

	Content Goals	Networking Goals	Opportunity Goals	How I'll Know I Did It
Month 1 (Days 1–30)				
Month 2 (Days 31–60)				
Month 3 (Days 61–90)				

Check-In Reminders

Set a recurring reminder (phone calendar, planner) to check your plan against reality at these points:

- **Day 30 check-in:** Did I complete Month 1's goals? What needs to move to Month 2?
- **Day 60 check-in:** Did I complete Month 2's goals? Is my content cadence still on pace (roughly 1 piece every 2–3 weeks)?
- **Day 90 check-in:** Did I reach 5 total content pieces? Did I complete my opportunity goal(s)? What's my next 90-day plan going to focus on?

Remember: this plan is a default, not a lock. If a real opportunity shows up that isn't on this sheet, you can still take it — just update the plan afterward so it stays useful.
